Meet us at center court as we join the Stark community for a little bit of exercise, conversation, information and a whole lot of awareness.

Two sessions to pick from:

MORNING SESSION (10:30 A.M.–12:30 P.M.)

Focuses on children and adults with disabilities and their supports, featuring the Walk for Awareness and visits to community partner tables to learn about programs, events, and services that are inclusive and accessible for all abilities.

AFTERNOON SESSION (12:30–3:00 P.M.)

Designed for parents, families, caregivers, and providers supporting individuals with developmental disabilities and seniors. This session showcases community resources that serve both populations and the people who care for them.
