The Ohio Assessment for Immediate and Current Need will be completed to identify need. Assessment of immediate and current need is the responsibility of SCBDD's Service and Support Administration staff.

The purpose of the procedure pursuant to this policy is to outline the requirements for SCBDD to administer an assessment of immediate and current need as well as establish and maintain a waiting list for Medicaid HCBS Waiver services when identified current need for services exceed the capacity determined by available resources.

MEDICAID HOME AND COMMUNITY BASED SERVICES (HCBS) WAIVER WAITING LIST

PROCEDURE

- I. Planning for Locally-Funded Home and Community-Based Services Waivers
 - A. Each calendar year, Stark County Board of Developmental Disabilities (SCBDD) shall identify how many individuals SCBDD plans to enroll in each type of locally-funded home and community-based services waiver. This will be based on projected funds available to SCBDD to pay the non-federal share of the Medicaid expenditures and the assessed needs of the county's residents on the waiting list for home and community-based services.
 - B. This information shall be made available to any interested person upon request.
- II. Waiting List for Home and Community-Based Services
 - A. An individual/guardian who thinks the individual has an immediate need or a current need may contact SCBDD to request an assessment of the individual using the waiting list assessment tool.
 1. SCBDD will only assess individuals who are residents of Stark County.
 2. SCBDD shall initiate the assessment of the individual within 30 calendar days.
 3. An individual/guardian shall have access to the individual's completed waiting list assessment tool maintained in the department's web-based waiting list management system and upon request, shall be provided a copy by SCBDD.
 - B. SCBDD shall place an individual's name on the waiting list for home and community-based services when, based on assessment of the individual using the waiting list assessment tool, the individual:
 1. Has been determined to have a condition that is:
 - a. Attributable to a mental or physical impairment or combination of mental and physical impairments, other than impairment solely by mental illness.

- b. Manifested before the individual is age twenty-two; and
 - c. Likely to continue indefinitely; and
 - 2. Has a current need which cannot be met by community-based alternative services in Stark County (including a situation in which an individual has a current need despite the individual's enrollment in a home and community-based services waiver).
- C. SCBDD shall not place an individual's name on the waiting list for home and community-based services when the individual:
 - 1. Is a child who is subject to a determination under section 121.38 of the Revised Code and requires home and community-based services; or
 - 2. Has an immediate need, in which case the SCBDD shall take action necessary to ensure the immediate need is met. SCBDD shall provide the individual/guardian with the option of having the individual's needs met in an intermediate care facility for individuals with intellectual disabilities or through community-based alternative services. Once an individual or individual's guardian chooses the setting in which he or she prefers to receive services, the SCBDD shall take action to ensure the individual's immediate need is met, including by enrollment in a home and community-based services waiver, if necessary. Such action may also include assisting the individual/guardian in identifying and accessing alternative services that are available to meet the individual's needs.
- D. When SCBDD places an individual's name on the waiting list for home and community-based services, SCBDD shall:
 - 1. Record, in the department's web-based waiting list management system.
 - 2. Notify the individual/guardian that the individual's name has been placed on the waiting list for home and community-based services.
 - 3. Provide contact information to the individual/guardian for a person at SCBDD who can assist in identifying and accessing alternative services that address, to the extent possible, the individual's needs.
