ADMINISTRATION OF MEDICATION

PROCEDURE

To protect the health and safety of the students and individuals, administration of medication guidelines will include the following:

1. Medication will not be administered without receipt of a completed Administration of Medication form.
2. All medications, whether nurse administered, self-administered and/or delegated, must be in pharmacy labeled containers indicating the owner, contents, required dosage and schedule.
3. Medications will be secured as appropriate by the licensed nurse or designated DD personnel certified in medication administration.
4. Medications must be transported safely to and from the program site via established procedures to assure security of medications.

Board employees and those under contract with the Board must meet the medication administration certification requirements and training programs prescribed by the Ohio Department of Developmental Disabilities.

Administrative procedures for medication administration shall be established in accordance with the Ohio Board of Nursing, Ohio Nurses Association Practice Standards and Ohio Department of Developmental Disabilities Law and Rules. These rules and procedures shall be included in the School Health Plan.
